- Visiting elderly at nursing homes
- Visiting community door to door, teaching the Bible
- Speaker in my church
- Sound System Operator
- Stage Director

I am writing to you in the regards to the position of your company. I think I would be a great addition to your team.

I am a student at Harper college. I am taking web design courses. I am also a volunteer at my church (JW.ORG). I do a lot of public speeches in front of about 100 people in my church. I go door to door, talking to the community about the Bible. That is not an easy thing to do. It takes a hard worker. I think that makes me 100% qualified for the job at AT&T. I am comfortable with talking to people, I have strong communication skills, and I am a very determined person. I love AT&T products more than any man alive, I am determined to sell AT&T products to as many people as possible.

AT&T is an amazing company. I would love to be part of it. I look forward to hearing from you.
